01**Onboard**

Join GroupMe and attend Queen Training on August 15.

02**Build**

Complete Contestant Studio, video, and Instagram link by August 19.

03**Review**

EFF checks videos and profiles August 20-21 and may request corrections.

04**Launch**

The official contestant class and profiles launch August 22.

05**Campaign**

Campaign preparation comes first; voting runs August 27-September 3.

THE ONE IDEA TO REMEMBER

Contestant Studio is where you prepare. Your live profile is what the public sees. Voting is a separate official process that begins August 27.

FIRST: KNOW YOUR WORKSPACE

What is Contestant Studio?

Think of it as your private digital dressing room and campaign control center.

A PRIVATE WORKSPACE INSIDE YOUR PGWS PORTAL

It is the page accepted contestants use to build everything supporters will eventually see. It is not a second website or a new account.

- 1. Readiness:** See which of the seven required profile items are complete.
- 2. Cover story:** Write your public biography, Scripture, and service platform.
- 3. Media:** Add your headshot, campaign video, and Instagram post link.
- 4. Points + votes:** Follow staff-entered performance points and provisional verified votes.
- 5. Campaign clock:** See every official deadline in one place.
- 6. Publish controls:** Save privately, publish when ready, update the live page, and view it.

STUDIO VS. PUBLIC PROFILE

Studio = your private editing space. Public profile = the page supporters see in the contestant gallery after you publish.

HOW TO GET THERE

Use the same account that was accepted

You do not need a second account, a new invitation, or Vercel access.

01	Open the portal	Go to misspgws.estherfundsfoundation.org/portal .
02	Sign in	Use the same email and account connected to your accepted application.
03	Open your dashboard	The portal should recognize you as an accepted contestant.
04	Choose Contestant Studio	Press Open contestant studio or Build and publish my profile.
05	Start with a draft	Complete what you can, press Save private draft, and return later.

GO TO MY PGWS PORTAL

WHAT THE ON-SCREEN MESSAGES MEAN

“PLEASE SIGN IN” Your browser does not have an active PGWS session. Sign in again.	“OPENS AFTER STAFF ACCEPTS...” The signed-in account is not connected to an active accepted-contestant record.
“LOADING...” Wait a moment and avoid pressing the button repeatedly.	NO STUDIO BUTTON Confirm the email, refresh once, then contact EFF with the exact screen message.

IF ACCESS STILL FAILS Do not create a duplicate account or application. Email nationals@estherfundsinc.org with your name, accepted email, exact error, and a redacted screenshot. Never send a password or login code.

YOUR SEVEN READINESS CHECKS

What does “100% ready” actually mean?

All seven items below must show a checkmark before Publish Profile unlocks.

#	ITEM	WHAT TO ADD	WHY IT MATTERS
1	Public name	At least 2 characters; use the name you want supporters to see.	Appears on your public profile.
2	Biography	At least 40 characters about your faith, story, leadership, service, and growth.	Introduces the woman behind the campaign.
3	Service platform	At least 40 characters naming the issue you will advocate for and the action you want.	Shows the purpose behind your voice.
4	Signature Scripture	Add the verse or faith truth guiding your campaign.	Connects your story to Christ.
5	Official headshot	Portrait JPG, PNG, or WebP with no private information visible.	Becomes the image on your public profile and voting materials.
6	Campaign video	Upload MP4/MOV up to 250 MB OR paste a working YouTube, Vimeo, or direct video link.	Lets supporters hear your campaign message.
7	Instagram post	Post the campaign video publicly, then paste the public post or Reel link.	Confirms your official social campaign post.

WHEN THE BAR REACHES 100%

The Publish Profile button unlocks. You may save a private draft before 100%, but publishing stays disabled until every required item is complete.

KNOW YOUR BUTTONS

Save, publish, update, and view

Each button changes a different part of your campaign. Here is exactly what happens.

01

Save private draft

Saves your work inside Contestant Studio. Nothing new becomes public. Use this whenever you need to stop and return later.

02

Publish profile

Unlocks at 100% readiness. Saves your completed information and makes your contestant profile public.

03

Update live profile

Appears after publishing. Any saved changes replace what supporters can see on your live page.

04

View live profile

Opens the supporter-facing version. Check your name, photo, links, spelling, and video from their point of view.

IMPORTANT LAUNCH TIMING

Complete and publish your profile by August 19 at 11:59 PM ET. EFF reviews videos and corrections August 20-21. The official contestant class launches August 22. Do not begin official campaigning or share voting links before EFF's launch instructions.

PUBLIC MEANS PUBLIC

Do not place your address, private phone number, student ID, password, bank information, or other sensitive details in any public field.

YOUR 40-POINT CAMPAIGN VIDEO

Tell one clear story with purpose

The goal is not a perfect performance. The goal is a truthful, Christ-centered message only you can give.

THE OFFICIAL QUESTION

The world has a beauty issue. What lie about beauty, identity, or worth have you had to unlearn, what does God say instead, and how will you use your voice, service, and platform to help another young woman find her pretty in Christ?

- 1. The lie:** What message about beauty, identity, or worth did you have to unlearn?
- 2. God's truth:** What does God say instead?
- 3. Your change:** How did that truth change the way you see yourself or your purpose?
- 4. Your impact:** How will your voice, service, and platform help another young woman?

LENGTH

No required minimum or maximum. A focused 90-second to 3-minute story is a helpful recommendation, not a rule.

HOW IT EARNS 40

Message + faith and identity + service impact + creativity and communication.

HOW TO SUBMIT

Upload MP4/MOV up to 250 MB, or paste a working public YouTube, Vimeo, or direct video link.

TEST FIRST

Open the link in a private browser window. Viewers must not need your login or permission.

INSTAGRAM, CAMPAIGNING, AND VOTING

Your story first. Your official link second.

Campaigning begins only when EFF opens the official campaign period.

01	Post your video	Publish your campaign video as a public Instagram post or Reel.
02	Paste the Instagram link	Return to Contestant Studio and paste the public post or Reel URL.
03	Publish and inspect	Reach 100%, publish your profile, and use View live profile to test it.
04	Prepare August 22-26	Use the official graphics, write captions, and practice explaining your platform.
05	Share when voting opens	Beginning August 27 at 12:00 PM ET, use only the official voting link connected to your contestant record.

CAPTION STARTER

“The world has a beauty issue—and I am choosing to find my pretty in Christ. I am honored to represent [school] as [name] in Miss Pretty Girls Who Serve. Watch my campaign video, learn about my platform, and support Esther Funds Foundation through my official link.”

OFFICIAL VOTING

Votes are \$2.50 each through the official Jotform/Stripe process. Only successful eligible payments count.

WHY IT MATTERS

Campaign donations support Esther Funds Foundation's work to help prevent college dropouts; they are not personal payments to contestants.

USE

Official graphics, official profile, official voting link, accurate dates, gratitude, service, and sisterhood.

NEVER USE

Cash apps, personal payment links, pressure tactics, vote screenshots as proof, made-up deadlines, or attacks on another contestant.

AUDIT RULE

Voting totals remain provisional until EFF completes the September 4 audit. Refunds, disputes, failed payments, and ineligible transactions do not count.

YOUR DASHBOARD NUMBERS

Points and votes are not the same thing

Contestant Studio shows both, but they come from different parts of the competition.

100	15%	85%
Maximum performance points	Performance in final result	Verified voting in final result

PERFORMANCE POINTS

Campaign video **40**
 Application quality **10**
 Training attendance + punctuality **10**
 Training participation **15**
 Service + advocacy **10**
 Portal compliance + deadlines **5**
 Campaign professionalism **10**

WHAT YOUR DASHBOARD MEANS

- 1. Pending / maximum:** Staff has not entered that category yet. Pending does not mean zero.
- 2. Awarded / 100:** The total of the categories staff has recorded so far.
- 3. Verified votes:** Payments currently counted as successful and eligible.
- 4. Provisional:** The number may still change during refund, dispute, timing, and eligibility review.
- 5. Final:** EFF locks results only after the September 4 audit.

PROFESSIONALISM COUNTS

Meeting deadlines, using official links, communicating respectfully, protecting privacy, and supporting your sisters are part of the competition—not extra credit.

PENDING	PROVISIONAL	FINAL
Staff has not entered it yet	The audit is not finished	Results are locked after review

- 4. Upload fails:** Use a supported file or paste a public YouTube, Vimeo, or direct link.
- 5. Live page looks wrong:** Return to Studio, correct it, press Update live profile, and test View live profile again.
